# SUBJECT INDEX TO VOLUME 44 (2003)

### Abdominal and Gastrointestinal Radiology

Quantitative diagnosis of fatty liver with dual-energy CT. An experimental study in rabbits . . . . . 92
Preoperative right portal vein embolization in patients with metastatic liver disease. Metastatic liver volumes after RPVE . . . . . 98
Contrast-enhanced transabdominal ultrasonography in the diagnosis of pancreatic mass lesions . . . . . 103
Correspondence: Multidetector-row CT appearance of acute torsion of wandering spleen in a child . . . . . 107
Which is the better method for location of the gastro-esophageal junction: radiography or manometry? . 121
Esophageal symptoms with negative influence on social life. Radiographic and manometric findings . . . . . 127
Intraesophageal pH probe movement during eating and talking. A videoradiographic study . . . . . 131
Gastro-esophageal reflux demonstrated by radiography in infants less than 1 year of age. Comparison with pH monitoring . . . . . 136
Percutaneous self-expandable uncovered metallic stents in malignant biliary obstruction. Complications, follow-up and reintervention in 154 patients . . . . . 139
Long-term results of balloon dilation of benign bile duct strictures . . . . . 147
Sonographic features of hepatic artery calcification in chronic renal failure . . . . . 151
Pre- and postsurgical biomagnetic activity in MALT-type gastric lesions. A case report . . . . . 154
Adrenal adenoma in a patient with Gardner's syndrome. A case report . . . . . 158
An unusual case of tumor thrombus in the inferior vena cava. A case report . . . . . 160
Measurement of glomerular filtration rate by low-dose iopromide plasma clearance . . . . . 162
Renal perfusion abnormality. Coded harmonic angio US with contrast agent . . . . . 166
Imaging of esophageal tuberculosis: A review of 23 cases . . . . . 329
Morphologic and histopathologic changes in the bowel after super-selective transcatheter embolization for focal lower gastrointestinal hemorrhage . . . . . 334
A modified sonographic technique for assessment of gastric emptying of liquid . . . . . 340
Positioning of the pH-probe by manometry or radiography for monitoring of the esophagus. Influence on diagnostic results? . . . . . 360
Placement of transjugular intrahepatic porto-systemic shunt via the left hepatic vein under sonographic guidance in a patient with right hemihepatectomy . . . . . 363
Videoradiographic analysis of how carbonated thin liquids and thickened liquids affect the physiology of swallowing in subjects with aspiration on thin liquids . . . . . 366
Intraductal papillary mucinous tumors of the pancreas. Comparison of helical CT and MR imaging . . . . . 464
Characterization of hepatocellular carcinomas with triphasic CT and correlation with histopathologic findings . . . . . 566
Perforation of a gastrojejunal anastomosis due to acute pancreatitis revealed by helical computed tomography . . . . . 572
The most useful findings for diagnosing acute appendicitis on contrast-enhanced helical CT . . 574

### Breast Radiology

Comparison of $^{99m}$Tc-sestamibi scintimammography and dynamic MR imaging as adjuncts to mammography in the diagnosis of breast cancer 28
Localization of breast sentinel lymph nodes by MR lymphography with a conventional gadolinium contrast agent. Preliminary observations in dogs and humans . . . . . 35
Computer-aided preoperative diagnosis of micro-calcifications on mammograms . . . . . 43
Semiautomatic core biopsy. A modified biopsy technique in breast diseases . . . . . 47
Comparison of preoperative simultaneous stereotactic fine needle aspiration biopsy and stereotactic core needle biopsy in ductal carcinoma *in situ* of the breast 213
New intravascular contrast agent applied to dynamic contrast enhanced MR imaging of human breast cancer . . . . . 275
Early assessment of neoadjuvant chemotherapy by FEC-courses of locally advanced breast cancer using $^{99m}$Tc-MIBI . . . . . 284
Complementary use of scintimammography with $^{99}$m-Tc-MIBI to triple diagnostic procedure in palpable and non-palpable breast lesions . . . . . 288
Can contrast-enhanced MR imaging predict survival in breast cancer? . . . . . 373
Dynamic MR imaging of the breast. Analysis of kinetic and morphologic diagnostic criteria . . . . 379
Comparison of stereotactic fine needle aspiration cytology and core needle biopsy in 522 non-palpable breast lesions . . . . . 387
Effect of granulocyte colony-stimulating factor (G-CSF)-supported chemotherapy on MR imaging of normal red bone marrow in breast cancer patients with focal bone metastases . . . . 472
Metastases to the breast from small-cell lung cancer: MR findings. A case report . . . . . 485

### Cardiovascular and Interventional Radiology

Do radiologists want/need training in cardio-pulmonary resuscitation? Results of an Internet questionnaire . . . . . 56

Peripheral arterial disease. Contrast-enhanced 3D MR angiography of the lower leg and foot compared with conventional angiography ..... 59
Visualization of the pulmonary valve using cine MR imaging ..... 172
Measurements before endovascular repair of abdominal aortic aneurysms. MR imaging with MRA vs. angiography and CT ..... 177
Bolus-chasing contrast-enhanced 3D MRA of the lower extremity. Comparison with intraarterial DSA .... 185
3D rotational angiography of transplanted kidneys .. 193
Elective placement of covered stents in native coronary arteries ..... 294
Value of 3D-volume rendering in the assessment of coronary arteries with retrospectively ECG-gated multislice spiral CT ..... 302
CT pulmonary angiography and suspected acute pulmonary embolism ..... 310
MR angiography for the evaluation of non-systemic vasculitic neuropathy ..... 316
Local infusion of the nitric oxide donor SIN-1 after angioplasty. Effects on intimal hyperplasia in porcine coronary arteries ..... 395
Comparison of contrast-enhanced CT angiography and gadolinium-enhanced MR angiography in the detection of subsegmental-sized pulmonary embolism. An experimental study in a pig model ... 403
Optimization of ECG gating in quantitative femoral angiography ..... 489
Utility of color duplex sonography in the assessment of efficacy of the stellate ganglion blockade ... 494
Inflammatory markers increase following exposure to radiographic contrast media ..... 498
Angiosarcoma of the pulmonary trunk mimicking pulmonary thromboembolic disease. A case report ... 504
Three-dimensional respiratory-gated coronary MR angiography with reference to X-ray coronary angiography ..... 583
Pain in femoral arteriography: A double-blind, randomized, clinical study comparing safety and efficacy of the iso-osmolar iodixanol 270 mgI/ml and the low-osmolar iomeprol 300 mgI/ml in 9 European centers ..... 590
Assessment of coronary arterial stents by multislice-CT angiography ..... 597
Quantitative and qualitative assessment of left ventricular volume with ECG-gated multislice spiral CT: value of different image reconstruction algorithms in comparison to MRI ..... 604

### Chest Radiology

Patient positioning after fine needle lung biopsy – Effect on pneumothorax rate ..... 52
High-resolution CT in chronic pulmonary changes after mustard gas exposure ..... 241
Lung perfusion scintigraphy prior to lung volume reduction surgery ..... 246
Pulmonary nodule detection using chest CT images 252
Interstitial lung disease in systemic sclerosis. An HRCT-clinical correlative study ..... 258
Asthmatic bronchitis for 2 years. A case report .. 392
Value of air trapping in detection of small airways disease in smokers ..... 517

### Genito-urinary Radiology

Review article. Doppler examination of the allografted kidney ..... 3
Transcatheter embolization of biopsy-related vascular injuries in renal allografts. Long-term technical, clinical and biochemical results ..... 13
Echo-enhanced color Doppler cystosonography of vesicoureteral reflux in children. Improvement by stimulated acoustic emission ..... 18
Testicular tumors manifested as inferior vena cava thromboses. Case reports ..... 24
Simultaneous voiding cystourethrography and voiding urosonography. Diagnostic comparison for vesicoureteral reflux ..... 265
Transvaginal power Doppler ultrasound in pelvic congestion. A prospective comparison with transuterine venography ..... 269
Complications associated with percutaneous nephrolithotripsy: supra- versus subcostal access. A retrospective study ..... 447
Accuracy of ultrasound dating formulae in the late second-trimester in pregnancies conceived with *in-vitro* fertilization ..... 452
Priapism of the glans and corpus spongiosum. Report of two cases with angiography ..... 456
Sclerosing stromal tumor of the ovary with torsion: MRI features ..... 612

### Miscellaneous

Editorial ..... 1
Editorial ..... 2
ET-A receptor antagonist BQ123 prevents radiocontrast media-induced renal medullary hypoxia 111
The symptomatic esophagus and GERD ..... 119
Book Reviews ..... 236
Xenia Forsselliana ..... 239
High-resolution CT in chronic pulmonary changes after mustard gas exposure ..... 240
Altered response in renal blood flow and oxygen tension to contrast media in diabetic rats ..... 347
Is long-term use of a calcium channel blocker associated with an exacerbated response of an insulinoma during selective intraarterial calcium stimulation? ..... 354

Remodeling of the temporal bone after involvement with Langerhans' cell histiocytosis ..... 355
Book Reviews ..... 356
Editorial ..... 359
Review article. Color Doppler US findings in the diagnosis of arterial occlusive disease of the lower limb ..... 411
Book Reviews ..... 460
Erratum ..... 461
Editorial ..... 463
Review article. Radiologic diagnosis and management of complications related to central venous access ..... 508
Isolated spinal neurobehçet disease MR imaging findings. A case report ..... 558
Correspondence ..... 561
Book Reviews ..... 562
Editorial ..... 565
Comparison of indirect CsI/a:Si and direct a: Se digital radiography: An assessment of contrast and detail visualization ..... 616
Uncommon locations of hydatid cysts: a pictorial review ..... 622
Book Reviews ..... 696

**Musculoskeletal Radiology**

Osteochondritis dissecans of the hip ..... 67
US assessment of hip joint synovitis in rheumatic diseases. A comparison with MR imaging ..... 72
Grading scale of radiographic findings in the pubic bone and symphysis in athletes ..... 79
Spatial component position in total hip arthroplasty. Accuracy and repeatability with a new CT method 84
Imaging of sacroiliitis in early seronegative spondylarthropathy. Assessment of abnormalities by MR in comparison with radiography and CT ..... 218
Modified carpal box technique in the diagnosis of suspected scaphoid fractures ..... 319
MR imaging of uncommon recurrence of fibrolipomatous hamartoma of the ulnar nerve ..... 326
Model studies on acetabular component migration in total hip arthroplasty using CT and a semiautomated program for volume merging ..... 419
Camurati-Engelmann disease. Review of radioclinical features ..... 430
Technical Note. Labral-ligamentous complex of the shoulder. Evaluation with double oblique axial MR arthrography ..... 435
Osteonecrosis diagnosed on MR images of the knee. Relationship to reduced bone mineral density determined by high resolution peripheral quantitative CT ..... 525
Value of micro-CT as an investigative tool for osteochondritis dissecans. A preliminary study with comparison to histology ..... 532
MR analysis of the transverse ligament in the late stage of whiplash injury ..... 637
Spectral doppler and resistive index – A promising tool in ultrasonographic evaluation of inflammation in rheumatoid arthritis ..... 645
Stability of acetabular axis after total hip arthroplasty, repeatability using CT and a semiautomated program for volume fusion ..... 653
Subluxation of the ulnar nerve in the elbow region – ultrasonographic evaluation ..... 662

**Neuroradiology**

MR imaging of subclinical cerebral decompression sickness. A case report ..... 108
MR detectability and appearance of small experimental intracranial hematomas at 1.5 T and 0.5 T. A 6–7-month follow-up study ..... 199
Cerebral MR spectroscopy in neurologically asymptomatic HIV-infected patients ..... 206
Delayed diffusion-weighted MR abnormality in a patient with an extensive acute cerebral hypoxic injury ..... 343
Metachromatic leukodystrophy. Diffusion MR imaging and proton MR spectroscopy ..... 440
MR Imaging of ventriculus terminalis of the conus medullaris: A report of two operated patients and review of the literature ..... 444
Cerebral hemodynamics in a healthy population measured by dynamic susceptibility contrast MR imaging ..... 538
Diffusion-weighted imaging in hyperacute stroke – gold standard? ..... 547
Ultrafast MR imaging in pediatric neuroradiology 550
The value of routine MR myelography at MRI of the lumbar spine ..... 665
MR imaging findings in tumefactive perivascular spaces ..... 673
Volume-rendered 3D display of MR angiograms in the diagnosis of cerebral arteriovenous malformations ..... 675
Selective intraarterial fibrinolysis of acute central retinal artery occlusion ..... 680
Cushing's disease and sphenoidal aspergilloma: a case report ..... 685
MR findings of desmoplastic cerebral astrocytoma of infancy: a case report ..... 688
Conventional and diffusion-weighted MRI in the evaluation of methanol poisoning: a case report ..... 691

**Pediatric Radiology**

Childhood Guillain-Barré syndrome. MR imaging in diagnosis and follow-up ..... 230
